Child Care Property Tax Relief

How is it going?

What is going well?

Where are the roadblocks?

What else would be helpful?

Child Care Deserts Data

1 in 10 children in
America live in Texas

2.3M children under the
age of 6 live in Texas

1 in 10 children under
6 with low-income,
working parents live
in a child care desert

The Texas Early Childhood Ecosystem

ACCESS | 44% of all zip codes in Texas qualify as child care deserts for low-income children, meaning that 3x more children live in the zip code than the number of available child care slots. Children deserve equitable access to safe care that supports their health, learning, and development.

FAMILIES | In Texas, caring for an infant and toddler can cost 10-50% of many working families' annual earnings. According to federal recommendations, child care should cost no more than 7% of a family's income. Families need affordable care in their communities to be able to participate in the workforce.

EDUCATORS | According to the US Department of Treasury, more than half qualify for at least one form of public assistance. Early Childhood Educators deserve a living wage.

TRS versus Non-TRS Subsidy Providers by LWDB

Percent Change in TRS Participation from 2022 to 2023

Paving the Way to Quality Recommendations

Recommendations for Local Communities

- I. Ensure LWDB **funds are utilized effectively** and spent on **quality improvements needed** in their communities.
- II. Consider additional **local incentives** to **increase overall provider participation** in the TRS system.
- III. Focus on **collaboration with non-traditional partners** to address service gaps and better support both center based and family child care providers.

Recommendations for the Texas Legislature

- I. **Invest** in child care through:
 - Reimbursement rates
 - Additional funding to serve more children (waitlist)
 - Supply Building Grants
- II. Support increase in **Family Child Care** providers

Recommendations for Texas Workforce Commission

- I. Enhance consistency and transparency by **improving guidelines and resource allocation** for LWDBs.
- II. **Promote statewide collaboration** by encouraging LWDBs to share best practices and work together to improve quality and access.

Using Results in Advocacy Work

Preparing for Legislative Session

The Trifecta for Success

A Look Back...

Looking Towards the 89th Texas Legislature

Invest in child care through:

- Direct Care of Children
- Reimbursement Rates
- Child Care Supply Funding

Remove patchwork of **local regulatory barriers** that burden Texans who want to open **family child care homes**

Prioritize **income-eligible child care employees** for child care scholarships **for their own children**

Reduce **administrative obstacles** to develop **public-private Pre-K partnerships**

Consider **business tax incentives** for businesses supporting child care for employees
