

**JOIN US TO EXPLORE**

**LIMA**

**February 18-23, 2025**

***CHILDREN AT RISK will lead a learning tour to educate staff and guests on health, education and welfare issues facing children in Peru and how it differs from the systems in the U.S. Our goal is to meet with schools, after-school programs and health clinics/hospitals especially those working with children.***

In the afternoons, we will explore Lima's iconic architectural and cultural sites, including the historic Plaza de Armas. Guests will enjoy a local cuisine that earned Lima the title of "Gastronomic Capital of the Americas." We will arrange hotel accommodations, ground transportation, and sight-seeing, while guests are responsible for arranging their own flights.

We arrive February 18th and depart February 23rd, 2025. Lima, the capital and largest city of Peru, is a vibrant coastal metropolis known for its stunning colonial architecture and as a cultural and culinary hub of the Americas. The city is home to nearly 10 million people and offers an impressive blend of historical and modern urban landscapes.

Accommodations will be at the Five-star Hilton Lima Miraflores, located in the heart of Miraflores with views of the city.

**CAPACITY IS LIMITED**
